Our Business Continuity Plan- We plan to quickly recover and resume business operations after a significant business disruption and respond by safeguarding our employees and property, making a financial and operational assessment, protecting the firm's books and records, and allowing our customers to transact business. In short, our business continuity plan is designed to permit our firm to resume operations as quickly as possible, give the scope and severity of the significant business disruption.

Our business continuity plan addresses data back up and recovery, all mission critical systems, financial and operational assessments, alternative communications with customers, employees, and regulators, alternate physical location of employees, regulatory reporting, and assuring our customers prompt access to their funds and securities if we are unable to continue our business.

Our clearing firm, Sterne Agee and Leach, backs up our important records in a geographically separate area. While every emergency situation poses unique problems based on external factors, such as time of day and the severity of the disruption, we have been advised by our clearing firm that its objective is to restore its own operations and be able to complete existing transactions and payments as soon as practical. Your orders and requests for funds and securities could be delayed during this period.

Varying Disruptions- Significant business disruptions can vary in their scope, such as only our firm, a single building housing our firm, the business district where our firm is located, the city where we are located, or the whole region. Within each of these areas, the severity of the disruption can also vary from minimal to severe in a disruption to only our firm or a building housing our firm, we will transfer our operations to a local site when needed and expect to recover and resume business within 24 hours. In a disruption affecting our business district, city or region, we will transfer operations to our clearing firm if necessary, and notify you through our web site www.laidlawltd.com or to our customer emergency numbers, (877) 700-4004 or (866) 376-7119 how to contact us. If the significant business disruption is so severe that it prevents us from remaining in business, we will assure our customer's prompt access to their funds and securities.
